SOUNDSCAPES

Your virtual studio never sounded so heavenly

JackTrip Virtual Studio keeps getting better!

JackTrip Labs introduces Soundscapes

Enhance your performances by creating immersive acoustic environments that make you sound awesome.

Design your acoustic environment

Use the JackTrip Soundscapes web interface to design, load, save and share Soundscapes.

- Built-in presets for all subscribers
- Rehearsal room - a dry acoustic great for practice
- Cathedral - a luscious reverb for performance
- Ethereal Echo Hall - a dreamy soundscape
- Premium subscribers may customize their effects

DSP in the Cloud

New DSP signal chain links incorporate new powerful sound effects.

- Noise Gate
- Reverb
- Limiter
- Compressor
- Panning and Spatialization
- Band Pass EQ
- **More on the way... stay tuned!**
